

FURTHER LIMITATION IN WHEAT CONSUMPTION

Food Administration Considers Step
In Order to Insure Adequate Supply
for America and Allies.

OFFICIALS FEAR HOARDING

Existing Flour Stocks Only 30 Per
Cent of Normal Needed Until July
1—Grain Prices at Chicago Have
Big Setback.

(By Associated Press.)
WASHINGTON, March 16.—Further
limitation of wheat consumption in
the United States is under considera-
tion by the food administration, to
make certain that the substantial vic-
tual supply will tide over the American
people and their allies until the next
harvest.

Plans for accomplishing the addi-
tional saving are being worked out,
and the only bar to success feared by
officials is the senseless hoarding which
may be practiced by unthinking and
selfish people.

The seriousness of the wheat situa-
tion was shown today by a Depart-
ment of Agriculture report on the sup-
ply in country elevators and mills,
which was supplemented by a frank
admission at the food administration
that existing flour stocks are only 30
per cent of the normal quantity needed
until July 1. Food administration officials
thought the department's esti-
mate of 150,000,000 bushels of wheat
in elevators and on farms March 1 was
optimistic, and said their best infor-
mation was that 125,000,000 bushels
was the greatest amount that could be
expected.

The allies have been promised 50,
000,000 bushels of grain between Janu-
ary 1 and July 1. Owing to shortage
of transportation, the greater part of
the export program remains to be car-
ried out, and the wheat must be ob-
tained from the scant supply in this
country by curtailment of individual
consumption.

CONSUMPTION INCREASES IN SOME SOUTHERN STATES

The present food administration rule
that an equal amount of substitutes
shall be sold with each sale of wheat
flour has resulted in an actual increase
of wheat consumption in some South-
ern States.

The use there of large quantities of
sorghum, corn meal, rice and other na-
tive grains ordinarily has been more
than 50 per cent of the cereal consump-
tion.

A request by the Texas food admin-
istrator to limit consumption of wheat
there was granted readily by the food
administration, which admittedly is
facing a serious situation in supplying
the allies and this country with suf-
ficient grain.

GERMAN PEACE FEELERS NOT RESPONSIBLE FOR WEAK MARKET

(By Associated Press.)
CHICAGO, March 16.—Grain values
suffered a more violent setback to-
day than has taken place previously in
almost a year. It was denied that Ger-
man peace feelers had anything to do
with the weakness of the market.

On the contrary, the de-
cline was ascribed in the main to
spring liquidation, which happened to
find the market without any aggressive
support.

Dealings were on a large scale, with
extreme losses of 5 cents in corn and
6 1/4 cents in oats. May corn de-
clined to \$1.29 1/2, and March oats to 50
cents.

BENEFIT DANCE

Richmond Nurses' Club Arranging for
Ball to Raise Funds for Cot-
tage at Catawba.

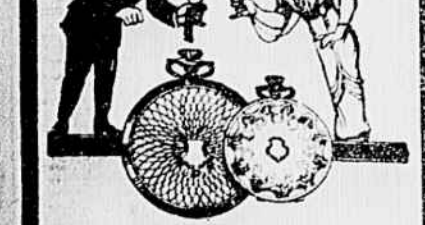

The Richmond Nurses' Club is mak-
ing arrangements for a dance to be
given at the Woman's Club Saturday
evening, April 13, the proceeds of
which will go toward the endowment
fund of the nurses' cottage at Catawba
Sanatorium.

Seven years ago at the suggestion of
Dr. Emmon G. Williams, State Health
Commissioner, that the nurses of Rich-
mond purchase a cottage at Catawba,
where members of their club afflicted
with tuberculosis might repair for
treatment as long as they liked, the
Graduate Nurses' Association of Vir-
ginia took hold of the plan and as-
sumed the obligation of building a
\$2,500 cottage.

The cottage is open to nurses, both
graduate and undergraduate, who
have the privilege of remaining there
until they are entirely recovered. The
time limit at the sanatorium is six
months and this extension of time for
the nurses in the cottage has proved to
be of untold value and advantage.
It was opened during the summer of
1915.

WASHINGTON, March 16.—The sea-
going submarines of the American navy
will be numbered under a double-letter
system, it was announced today at the
Navy Department. The first of this
type, the 100-ton submarine Schley,
has been renamed the AA-1 and a de-
stroyer has been given the name of
Schley. The smaller submarines retain
the single letter to denote the type,
with the number attached to denote the
individual boat. Some of the original
class of smaller submarines are still
in operation in Philippine waters.

Wage increases soon to be recom-
mended by the railroad wage commis-
sion will be based on the principle that
the low-paid man should have the
greatest amount of assistance to meet
the rising cost of living. The commis-
sion's exhaustive study of living condi-
tions throughout the United States has
convinced it, it was said today, that
the men making less than \$100 a month
especially need aid.

In presenting the war finance cor-
poration bill to the House today, Mas-
sachusetts Representative Kitchin said the govern-
ment must go to the rescue of many
industries, and that no present agency
had the necessary authority. The
finance corporation plan, he said,
created the agency needed.

Removal of the statue of Frederick
the Great from in front of the War
College in Washington is provided in a
joint resolution introduced today by
Senator Thomas, of Colorado. The
statue was presented to this govern-
ment about twelve years ago by Kaiser
Wilhelm.

An additional credit of \$11,000,000
was extended by the United States to-
day to Belgium, making a total loan
to that country of \$104,000,000. The
total amount of loans now extended to
the allies is \$1,500,000,000.

REDOUBLING EFFORTS

British Recruiting Officers Here Plan
Campaign to Enlist Subjects
in Virginia.

ALTHOUGH well satisfied with the
showing that has been made during
their present drive for recruits in this
part of the country, the officers of the
British Canadian recruiting mission
are redoubling their efforts to secure
the enlistment of every fit British sub-
ject, who is a resident of this State
before the time allotted for this work
shall expire. As originally planned
by those in charge, more than a
million men will be enlisted, but it is
hoped that the approach of the draft
will stimulate the enlistment to a con-
siderable extent.

In this intensive drive, special at-
tention will be paid to those who will
be sure to be placed in the hands of the
Canadian government. It was pointed
out for their benefit that every man
who enlists now instead of waiting to
be drafted, means one more soldier
added to the fighting forces of the al-
lies, for by his enlistment another is
forced to come forward to fill the place
which he would have filled had he
waited for the draft. Thus, each man
who enlists now in reality adds two
men to the cause of liberty.

Laymen May Meet in Danville.
(Special to The Times-Dispatch.)
DANVILLE, VA., March 16.—The
Crank of Richmond, secretary of
the National Interdenominational Lay-
men's Missionary Movement, spent the
day here Thursday, conferring with
ministers regarding the annual con-
vention of the association, which is to
be held in June. There is a probability
of the convention being held here.

Danville Has Ninety-Three Delinquents.
DANVILLE, VA., March 16.—The lo-
cal exemption board has completed ex-
amining the men in class 1, of which
there were approximately 400, of this
number 499 were accepted for un-
limited service, eighty-five for limited
service, thirty-two being reject-
ed. Ninety-three are classed as de-
linquents and their names have been
certified to the provost-marshal gen-
eral.

PRISONERS IN SWITZERLAND

Latest Census Discloses 26,000 Men
Captured During War In-
terned There.

(By Associated Press.)
BERN, SWITZERLAND, March 14.
—Switzerland now shelters 26,000 in-
terned war prisoners, according to a
recent census. Sixteen thousands are
French, English and Belgian; while
10,000 are Germans. In addition, 7,000
relatives of the interned men are visit-
ing here.

Owing to the scarcity of food no
further visitors for a long stay will
be accepted.

These Were Helped--You May Be

Nine good Americans, who were seriously ill and remained so until they tried the reliance of the
American Home, Peruana, and who gained back their health from its use.

Reading from left to right, here are their stories:

"I have taken Peruana and will
say that it is the best medicine I
ever saw for coughs and colds. It
always cures a cold in a short
time and also strengthens and
builds up the system."—Miss Ivy
Gray, Fairview, Ky.

"I can honestly say that I owe
my life to Peruana. The best doc-
tors in the country told me I could
not live another month. Peruana
cured me; so I cannot praise it too
highly."—SAMUEL McKINLEY,
2506½ E. 22d St., Kansas City, Mo.

"For years I did not know what
a well day was and feel that I
would not be alive today if not for
Peruana. Six bottles of Peruana
made me a well woman."—MRS.
MATTIE A. VAN BUREN, 17 High-
land St., Grand Rapids, Mich.

"I suffered for thirty years with
chronic bowel trouble, stomach
trouble and hemorrhages of the
bowels. I took Peruana faithfully
and now I am a well man."—LOUIS
YOUNG, 205 Merrimac St., Roch-
ester, N. Y.

"After using Peruana and Mana-
lin, I was cured of catarrh of the
nose, throat and stomach, from
which I had suffered for years."—
MRS. E. M. HARRIS, R. R. 3, Ash-
land, Wis.

"I have quit taking Peruana, for
I don't need it any more. I am
well and very thankful to you. I
weighed ninety pounds before I
started, and now weigh one hun-
dred and thirty-five pounds."—
MISS CLARA LOHR, 21 North Gold
St., Grand Rapids, Mich.

"I was all run down and could
not take up my regular work. I
began to use Peruana and soon
found that I was getting better.
I was able to resume my work with
renewed vigor and strength. It
certainly is a wonderful medicine to
vitalize the system."—GEORGE
ATKINSON, 223 E. Eighth Ave.,
Topeka, Kans.

"Three years ago my system was
in terrible condition and I was
broken out all over my body.
Peruana was recommended to me
and a few bottles changed my con-
dition. After a short time I was
all over my trouble."—Miss RICKA
LEOPOLD, 288 Layco St., Menasha,
Wisconsin.

"I have suffered considerable
with La Grippe, and thought I
would try Peruana. I am satisfied
that Peruana is a wonderful rem-
edy, and heartily endorse and recom-
mend it for La Grippe."—GEORGE
E. LAW, 13½ Franklin St., Brazil,
Indiana.

Supreme In Its Field.

There are thousands more of equally striking stories on file in our offices. They prove beyond question the
real value of Peruana, its reliability, its helpfulness, and its success.

In liquid or tablet form it is a valuable medicine.

An unbroken record of nearly half a century of dependable service is its
strongest claim for your consideration. What it has done for others you may
responsibly expect it to do for yourself. The experience of thousands of others,
who have been helped by Peruana, is a reasonable assurance it will help you in
like circumstances.
